*Ref: Proposal for FIG Honorary Member*

Dear Mrs. President,

I am writing this letter regarding my Board Member Enrico Rispoli in order to formally propose for him the FIG Honorary Membership.

Over the year Enrico has done a great work for FIG and has faithfully represented CNGeGL.

He has fulfilled two honorary positions:

- Been Conference Director for the FIG Working Week 2012 – a highly successful FIG event
- Served as Commission Chair of FIG Commission 3 for the term 2015 – 2018 with substantial activities and results.

After these formal positions, he has continued his engagement in FIG, in Commissions 3 and 8. He has always supported and involved Young Surveyors within FIG, and since 2019 till today he has been nominated as one of FIG Foundation Directors.

I think therefore that Enrico fulfils all criteria to take into consideration his appointment as Honorary Member.

Mrs. President, I kindly ask you to present my proposal first to FIG Council for their decision so to bring it to the final decision of FIG General Assembly that this year will be held in Accra on May 19<sup>th</sup> 2024.

I do hope that FIG will consider my proposal and I thank you Mrs President and the entire FIG Council for the attention and consideration.

With my best regards,

  
(Maurizio Savoncelli)
