

Accelerated Development – “The Need for Planning”

- Richard Hucker MBE
F.Inst.CES (UK)

May 2009

FIG Working Week

1

Introduction

- All Projects need Planning
- The Better the Planning
- Acceleration
- Development

May 2009

FIG Working Week

2

Content

- What is Planning
- Why do we need to Plan?
- What is a Project?
- The Basic Steps to Planning?
- Management of Risk
- Accelerated development
- Conclusions

WHAT IS PLANNING?

- Intellectual
- Organizational
- Procedural
- Developmental

WHY DO WE NEED TO PLAN?

- Preparation for the Future
- Importance of Planning
- Planning for Surveyors

May 2009

FIG Working Week

5

WHAT DO WE MEAN BY A PROJECT?

- Definition
- Project Range for Surveyors
- Managing a Project

May 2009

FIG Working Week

6

THE BASIC STEPS TO PLANNING

- Define the Project
- Define General Working Times
- List the Tasks in the Project
- Organise Tasks into Phases

May 2009

FIG Working Week

7

THE BASIC STEPS TO PLANNING (Cont.)

- Schedule the Tasks
- Review
 - Duration
 - Resources
 - Critical Path
 - Resource Levelling
- Presentation

May 2009

FIG Working Week

8

MANAGEMENT OF RISKS

- Defining Risks
- Managing Risks

May 2009

FIG Working Week

9

MANAGEMENT OF RISKS

- Gathering Information
- Processing Risks

May 2009

FIG Working Week

10

ACCELERATED DEVELOPMENT

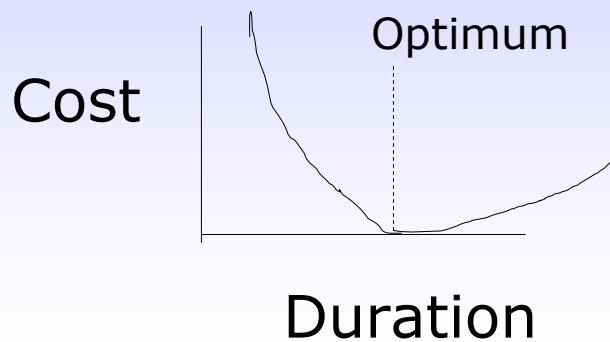

- Defining Acceleration
- Shortening the period
- Developing the Process
- Shortening and developing the process

May 2009

FIG Working Week

11

ACCELERATED DEVELOPMENT (Cont)

May 2009

FIG Working Week

12

ACCELERATED DEVELOPMENT (Cont)

	Labour	Material	Plant	Time Related Overheads	Risk
Accelerated	Inefficient	Increased waste	Inefficient	Reduced	Increased
Standard	Efficient	Normal waste	Efficient	Standard	Standard
Slowed	Less efficient	Slight reduction in waste	Less efficient	Increased	Time related Reduced

May 2009

FIG Working Week

13

CONCLUSIONS

- Planning
- Risks
- Accelerated Development
- Experienced Staff

May 2009

FIG Working Week

14

Thank You
