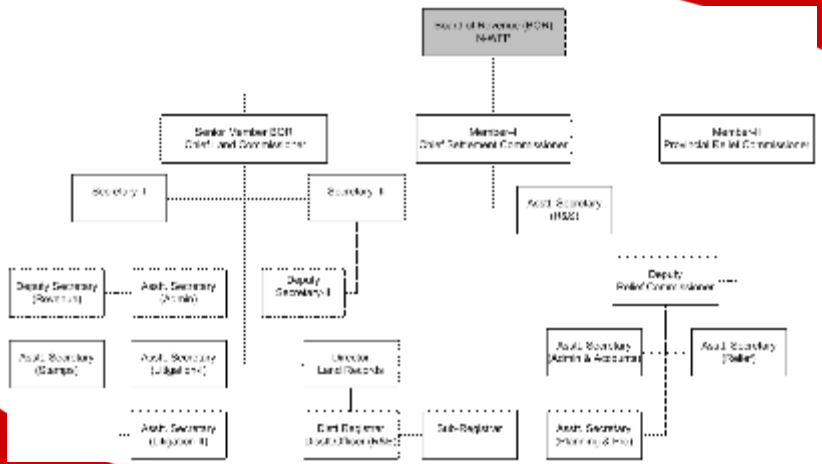
Board of Revenue



www.fig2010.com

11 – 16 April 2010

Problems

- Obsolete and opaque system of land revenue records
- Irresponsive and inaccessible revenue machinery
- Disputes over rights and delays in courts
- Multiple institutions and dispersed responsibilities
- Weak institutional capacity to address and solve the problem
- Access to land records
- Tenure insecurity
- Data is unsafe and stored in dilapidated conditions
- Maps do not follow cartographic rules
- Lack of public awareness

and many more…….
